

MARTA BRANCH MEMBERSHIP DATABASE

YEAR-END REPORT

May 2021

(Prepared / submitted to Executive of Marta B by A. Clark, Branch Membership Database Chair)

The MARTA Branch of NBSRT currently has a total membership of **249** members. Between January 1st and May 19st, 2021, the branch lost **7** members, who passed away within a four-and-one-half month period.

Total number of new members gained between September 1st, 2020 and May 1st 2021: **3**

During the year of 2020, due to deaths, the branch sustained a loss of **8** members, and the previous year, 2019 the number was identical: **8**.

Total members lost during the past 29 months: ***23**

*This total does not include those very few members who either withdrew their membership as a member of NBSRT, or who transferred their membership to another branch of NBSRT, due to relocation.

As a vivid example of comparison to indicate how the MARTA Branch membership has decreased, at the last in-person AGM, in Blackville, October 23rd, 2019, the total membership of the MARTA Branch of NBSRT was **265**.

Membership contact information and the Memoriam posts have been updated in both the NBSRT and MARTA Branch Databases. Information has been added or deleted, promptly, as new details have emerged. The collaborative work with NBSRT Membership Secretary, Colleen Forsythe and Branch Communications Chair, Judy Fox-Roy, Co-Chair, Trudy Underhill, and Past Branch Membership Chair, Wendy Matthews, have been invaluable assets to my current role. My sincere thanks to each of you!

Respectfully submitted:

A. Clark, Branch Membership Database Chair
