

“Reflections” MARTA Branch Report

MARTA 2022 Spring AGM

31 May 2022

As some members may be aware, there are 3 editions of “Reflections” each year: a fall, a winter and a spring edition. This year, Grant Hendry did the writings for the fall and I did the winter edition, but there was none done for the spring edition.

Of the 10 local branches around the province, MARTA is the only one without a branch correspondent for “Reflections”. I feel this is a shame. I would be willing to act as branch correspondent and also do the writings for one edition each year. However, I need 2 other people to do the 2 other editions. This would involve writing the branch news, submitting some photos, doing the “In Memoriams” and, if time allows, an occasional feature article.

I would offer help in any way I can, so if you have a flare for writing, please let me know, even today, if you can help. Remember, it would only be one edition per year. Otherwise, there will be little or no Miramichi content in “Reflections” next year. Thank you in advance for considering this interesting, but not time-consuming work for our branch.

Respectfully submitted by:

Merle Milson
