

## **MARTA Online / Website Media Report**

### **MARTA Fall Executive Meeting**

**Friday, October 25, 2024**

**11:00 AM – 1:00 PM**

**The Portage Restaurant**

**A. Clark, Online Media Chair**

The MARTA website has new information added year-round, according to the information for posts received or requested. Birthdays are posted on the first day of each month, and pertinent specifically to the 2024 - 2025 calendar year, all planned meetings, events and activities have been posted in the MARTA calendar, for convenient, quick and easy access. This is a valuable asset for members who like to have a long-range perspective of the year ahead and determine the events for which they may be available or wish to attend.

For the year ahead, all executive meetings, general meetings and dinners, and any events or activities with finalized details which have been received or drafted have been scheduled as posts pending for release in a timely manner in advance of each one. For those posts for which details are yet to be determined, the titles and dates are included in the calendar with a message asking members to check back at later when complete details will be available. Posts on the website are only published once all details have been finalized.

Finally, I would like to thank Lois and the members of the MARTA Wellness Committee for making my job easy. Following their meeting on September, I received the minutes with all known dates and information of events meetings etc., for the 2024 2025 calendar year. Receiving such organized material to work with is akin to a supply teacher arriving in a classroom and discovering an excellent lesson plan awaiting him. Thank you very much!
