

Communication Coordinator – Annual Report March 31, 2026

This was my second year in this position. There have been some minor changes over the year and our network of people continues to do great work in letting members know about the many events and activities available to them. We have sixteen people who are responsible for managing our engagement with members. Our methods of communication include email and/or phone calls.

Examples of some of the events that members were made aware of include:

- Back To School Breakfast
- Fall Luncheon
- Christmas Get Together
- Spring Potluck
- Spring AGM

Special thanks to Andrew Clark for keeping the overall membership list up to date in a prompt and efficient manner.

Respectfully Submitted,

Cathy Kingston
